Founded in 2007, HonestBee focus on the beeware industry, has grown to be a integrated with researching and developing, manufacturing and marketing.

Notebook Style Beeswax Foundation Mould Wax Foundation Mold

Item Number: WFM-08

Introduction

Explore durable aluminum alloy wax foundation moulds for beeswax combs. Available in 42*22cm & 42*27cm sizes, with 5.4mm or 4.9mm

[Learn More](#)

Parameter	Value
Material	Aluminum alloy
Size version	42*22cm, 42*27cm
Cell size	5.4mm or 4.9mm

Colorful Silicone Beeswax Foundation Mold Mould For Beekeeping

Item Number: WFM-09

Introduction

Create uniform beeswax foundation sheets with colorful silicone molds. Durable, non-stick, customizable cell sizes for beekeeping success.

[Learn More](#)

Parameter	Details
Usage	Make wax foundation sheet, DIY foundation for beekeeper
Material	Silicon
Size	41*22cm
Cell size	5.4mm or 4.75mm
Available color	white, black, blue, orange

Fully Automatic Beeswax Embossing Machine Foundation Mill

Item Number: WFM-01

Introduction

Explore high-quality beeswax foundation machines for efficient beekeeping. Durable, customizable, and high-output at 1000 sheets/hour. Ideal for factory manufacturing.

[Learn More](#)

Parameter	Specification
Material of rollers	Aluminum alloy
Roller length version	750mm, 600mm
Roller diameter	202mm
Cell size	5.4mm (can be customized)
Voltage	Three-phase 380V 50Hz
Power	7.5kw
Chiller unit	3 HP
Matching cable length	4m
Efficiency	1000 pieces/hour

Manual Beeswax Comb Foundation Machine Wax Foundation Mill Embossing Machine

Item Number: WFM-02

Introduction

Boost beekeeping efficiency with our wax foundation machine. Produces 300-600 uniform sheets/hour. Customizable sizes, durable aluminum alloy. Ideal for healthy hives & increased honey production.

[Learn More](#)

Parameter	Specification
Material	Aluminum alloy
Roller length version	250mm, 310mm, 450mm (can be customized)
Cylinder diameter	86mm
Cell size	5.4mm or 4.9mm (can be customized)
Capacity	300-600pcs/hour

Manual Beeswax Flat Sheet Machine For Beeswax Processing

Item Number: WFM-03

Introduction

Beeswax Flat Sheet Machine: Press thick wax blocks into uniform sheets for candles, wraps, and crafts. Stainless steel, customizable rollers, manual operation. Ideal for artisans and manufacturers.

[Learn More](#)

Parameter	Specification
Function	Press the thick wax blocks to thinner wax sheets, need to use with the beeswax embossing machine
Material	Stainless steel
Roller length version	310mm, 450mm (can be customized)
Cylinder diameter	75mm

Economy Manual Beeswax Embossing Mill Wax Foundation Machine Roller

Item Number: WFM-04

Introduction

Economy manual beeswax embossing mill for beekeepers. Customizable wax foundation sheets, durable aluminum alloy, 300-600pcs/hour capacity. Enhance hive health and honey production.

[Learn More](#)

Parameter	Value
Material	aluminum alloy
Roller length	280mm
Cylinder diameter	50mm
Cell size	5.4mm or 4.9mm (can be customized)
Capacity	300-600pcs/hour

Electric Beeswax Foundation Machine With Operating Tray And Wax Foundation Roller

Item Number: WFM-05

Introduction

Electric beeswax foundation machine for beekeeping. High-quality, customizable wax sheets, 1200pcs/hour. Durable, efficient, and bee-friendly. Explore now!

[Learn More](#)

Parameter	Specification
Material	Aluminum alloy
Voltage	Single phase 220V
Power	750W
Cell size	5.4 or 4.9mm (can be customized)
Roller length	250mm, 310mm, 450mm
Cylinder diameter	86mm
Capacity	1200pcs/hour

Electric Beeswax Flat Sheet Machine With Operating Tray For Wax Processing

Item Number: WFM-06

Introduction

Electric beeswax flat sheet machine: 750W, stainless steel, 220V. Perfect for beekeepers, ensures uniform wax sheets for honeycomb foundations. Durable, efficient.

[Learn More](#)

Parameter	Specification
Function	Press the thick wax blocks to thinner wax sheets, need to use with beeswax embossing machine
Voltage	Single phase 220V
Power	750W
Material	Stainless steel
Roller Length	310mm
Cylinder Diameter	75mm

Electric Flattening And Embossing Machine With Tray For Beekeeping

Item Number: WFM-07

Introduction

Flattening and Embossing Machine for beeswax sheets: high efficiency, customizable sizes, and durable aluminum rollers. Ideal for modern beekeeping.

[Learn More](#)

Parameter	Specification
Material of rollers	Aluminum alloy
Voltage	Single-phase 220V
Power	1500W
Roller length version	310mm, 450mm (can be customized)
Cylinder diameter	86mm
Cell size	5.4mm, 4.9mm (can be customized)
Capacity	900pcs/hour
Feature	Can make beeswax flat sheet and beeswax foundation sheet in one machine
