Professional Stainless Steel Pry-Bar Hive Tool

Item Number: HT-2

Introduction

Discover durable stainless steel hive tools for beekeeping. Perfect for hive inspections, frame cleaning, and honey extraction. Essential for beekeepers.

[Learn More](#)

Feature	Benefit
High-Grade Stainless Steel	Maximum durability, rust-proof, easy to sanitize, and long service life.
Right-Angle Pry Bar	Provides powerful leverage to separate stubborn hive bodies and supers.
Wide Beveled Scraper	Quickly and efficiently cleans propolis, wax, and debris from all hive components.
Ergonomic "Hourglass" Design	Offers a comfortable, secure grip that reduces hand fatigue and improves control.
Integrated Nail Puller	Adds crucial convenience for quick, in-field equipment repairs.
Single-Piece Construction	Exceptionally strong with no weak points; will not bend or break under heavy use.

Stainless Steel J Hook Hive Tool For Beekeeping

Item Number: HT-3

Introduction

J hook hive tool: Stainless steel, ergonomic design for lifting frames, scraping wax, and prying hive boxes. Essential for beekeepers.

[Learn More](#)

Feature	Benefit
High-Grade Stainless Steel	Maximum durability, rust-proof, easy to sanitize, and exceptional service life.
Precision Frame Lifter w/Notch	Provides secure grip and controlled leverage for safely lifting frames without damage.
Offset Pry-Bar & Scraper	Delivers powerful leverage for separating hive bodies and scraping stubborn propolis.
Solid, Single-Piece Construction	Extremely strong and rigid; will not bend or break under the most demanding use.
Integrated Nail Puller	Adds crucial convenience for making quick, in-field equipment repairs.

Professional Steel Pry-Bar Hive Tool With Painted Grip

Item Number: HT-6

Introduction

Stainless steel beehive scraper: Durable 304 steel, 9-inch tool for hive maintenance. Pry, scrape, lift frames effortlessly. Ergonomic red handle for firm grip. Essential

[Learn More](#)

Feature	Benefit
Heavy-Duty Steel Construction	Unmatched strength and longevity; will not bend or break under pressure.
High-Visibility Red Paint	Drastically reduces the risk of losing the tool in the apiary, saving time and money.
Right-Angle Pry Bar	Provides powerful leverage for easily separating hive bodies and frames.
Wide Beveled Scraper	Efficiently scrapes and cleans wax and propolis from all hive components.
Integrated Nail Puller	Adds convenience for making immediate, on-site equipment repairs.
Classic, Proven Design	A functional and universally trusted shape preferred by beekeepers everywhere.

Professional Stainless Steel J-Hook Hive Tool

Item Number: HT-8

Introduction

Discover the J Hook Hive Tool, a durable stainless steel beekeeping essential for lifting frames, scraping wax, and hive maintenance. Ergonomic, versatile, and easy to spot in red.

[Learn More](#)

Feature	Benefit
Heavy-Duty Steel Construction	Unmatched strength and longevity; will not bend or break under heavy use.
J-Hook Frame Lifter	Provides powerful leverage to lift frames easily and safely.
High-Visibility Red Handle	Drastically reduces the risk of losing the tool in the apiary, saving time and money.
Multi-Profile Scraper End	Versatile design for scraping flat surfaces and cleaning tight corners effectively.
Integrated Nail Puller	Adds crucial convenience for making immediate, in-field equipment repairs.

Professional Multi-Function Stainless Steel Hive Tool

Item Number: HT-9

Introduction

Stainless Steel Hive Tool with Scraper and Hook: Essential for beekeepers, durable, rust-resistant, and versatile for frame cleaning and lifting. Perfect for hive maintenance.

[Learn More](#)

Feature	Benefit
All-in-One Head Design	Consolidates multiple tools (pry bar, J-hook, groove cleaner) into one.
Solid Stainless Steel	Maximum strength, rust-proof, easy to sanitize, and built for longevity.
Frame Top Groove Cleaner	A unique, precision feature that saves time and improves frame maintenance.
Wide Beveled Scraper	Handles heavy-duty scraping of wax and propolis with ease.
Ergonomic Shape	Provides a comfortable, secure grip for better control and less fatigue.

Professional Dual-End Stainless Steel Hive Tool For Beekeeping

Item Number: HT-5

Introduction

Durable dual-end hive tool for beekeepers: stainless steel, ergonomic wood handle, versatile scraping & prying. Essential apiary equipment.

[Learn More](#)

Feature	Description / Benefit
Material	High-quality stainless steel for superior strength and rust resistance.
Handle	Riveted wooden scales provide a comfortable, secure grip and professional look.
Straight End	Ideal for prying hive bodies, scraping flat surfaces, and general use.
Bent End	Perfect for cleaning hive corners and providing controlled leverage for lifting frames.
Construction	Full-tang design ensures maximum durability and balance for heavy-duty tasks.
Functionality	A versatile, all-in-one tool that is essential for every hive inspection.
