## Stainless Steel Beekeeping Honey Extractor Lid

Item Number: HE-LS

### Introduction

Stainless steel Beekeeping Honey Extractor Lid ensures hygienic, efficient honey extraction. Durable, versatile, and easy to clean. Shop now!

[Learn More](#)

Parameter	Specification
Material	Stainless steel
Size	For manual or electric 6/8 frame Langstroth honey extractor or 4 frame Dadant honey extractor
Purpose	Replacement of honey extractor

## Acrylic Lid Beekeeping Honey Extractor For Beekeepers

Item Number: HE-LA

### Introduction

Upgrade your beekeeping with the durable, transparent Honey Extractor Acrylic Lid. Compatible with Langstroth and Dadant extractors, it ensures efficient, sustainable honey extraction.

[Learn More](#)

Parameter	Details
Material	Acrylic
Size	For manual 2/3/4 frame Langstroth honey extractor or 2 frame Dadant honey extractor
Purpose	Replacement of honey extractor acrylic lid

## Vertical Motor Kits For 2 3 4 Frame Electric Honey Extractors

Item Number: HE-KV

### Introduction

Upgrade your honey extractor with Vertical Motor Kits for 2, 3, 4 frames. Efficient, reliable, and compatible with Langstroth and Dadant models.

[Learn More](#)

Parameter	Specification
Material	Metal
Voltage	220V, 50Hz or 110V, 60Hz
Power	140W
Plug	Optional
Compatibility	2/3/4 frame Langstroth honey extractor or 2 frame Dadant honey extractor
Purpose	Replacement of honey extractor motor kits
Components Included	Vertical Motor, Governor, and Beam
Installation	Simple installation process
Performance	Reliable and consistent performance, smooth and precise operation

## Spare Crank Gear Drivetrain Assembly For Manual 4 Frame Honey Extractor

Item Number: HE-G

### Introduction

Enhance your manual 4 frame honey extractor with our durable Spare Crank Gear Drivetrain Assembly. Ensure smooth, efficient honey extraction.

Parameter	Specification
Colour	Red
Extractor Drivetrain	Manual
Honey Extractor	4 Frame Extractor
Material	Cast Iron

# Plastic Honey Gate Spout With Wing Nut For Beekeeping Honey Bucket

Item Number: HG-1

## Introduction

Optimize honey extraction with our durable, food-grade honey gate. Control flow, prevent leaks, and ensure purity. Perfect for all beekeepers.

[Learn More](#)

Parameter	Specification
Material	High-quality plastic, stainless steel wing nut
Compatible Bucket Sizes	Various sizes
Hole Size	Fits through a 1.75" hole
Seal Mechanism	Metal wing nut for secure sealing
Features	Food-grade plastic, nylon, air-tight seal with a bucket
Color Options	Red, orange, white, green
Diameter	1-1/2"
Use Case	Honey extraction, transfer between containers, filling honey jars and bottles
Flow Control	Adjustable speed and volume
Compatibility	Standard honey extractors and buckets
Leak Prevention	Designed to prevent leaks
Gaskets	Two gaskets for secure fit
Thumb Screw	Easy to open and close the valve

# Stainless Steel Honey Gate Valve Tap Tool For Honey Extractor

Item Number: HG-3

## Introduction

Stainless Steel Honey Gate Valve for precise honey flow control, durable, rust-proof, and easy to install. Ideal for beekeepers.

[Learn More](#)

Parameter	Specification
Material	Food-grade 304 stainless steel
Weight	405g
Color	Silver
Compatibility	Containers or tanks with a hole diameter of 40mm
Installation	Easy to install; fits into a 40mm hole with a threaded barrel
Applications	Honey extractor, bottling pail, honey processing machines
Features	Rust-proof, durable, food-safe, good sealing with stainless steel screws
Purpose	Efficiently transfer honey from larger containers or tanks

# Honey Gate Valve With Ergonomic Ball Handle Plastic Bee Honey Tap For Beekeeping Bottling And Honey Extractor Equipment

Item Number: HG-5

## Introduction

Optimize honey extraction with the durable Honey Gate Valve. Precise flow control, airtight design, and easy installation. Perfect for beekeepers.

[Learn More](#)

Parameter	Details
Material	ABS
Design	Push type, easy to use, strong
Application	Suitable for honey in particular
Sealed	Design ensures a good seal with the bucket
Use	Install on honey extractor, honey tank table, uncapping, and processing machines
Size	4.8cm / 1.89 inches
