HONESTBEE

COMPANY PROFILE

>>> About Us

Founded in 2007, HonestBee focus on the beeware industry, has grown to be a integrated with researching and developing, manufacturing and marketing.

Semi Automatic Round Bottle Labeling Machine

Item Number: BLM-2

Introduction

Boost efficiency with our semi-automatic round bottle labeling machine—perfect for honey jars & supplements. Stainless steel/aluminum, $\pm 1\text{mm}$ accuracy. Get a quote!

[Learn More](#)

Parameter	Value
Power Supply	220V 50Hz / 110V 60Hz
Power Consumption	220W
Labeling Speed	25-50 pieces/min
Labeling Accuracy	$\pm 1\text{mm}$
Applicable Bottle Diameter	20mm - 120mm
Applicable Label Size	Max Width 150mm, Max Length 230mm
Label Roll Inner Diameter	$\geq 75\text{mm}$
Label Roll Outer Diameter	$\leq 250\text{mm}$
Overall Machine Size	60 cm (L) x 30 cm (W) x 40 cm (H)
Machine Weight	25 kg

Feature	Benefit for Your Business
Stainless Steel/Aluminum Body	Long-lasting durability and professional appearance.
Precision Sensor & Digital Control	Guarantees consistent, accurate label placement.
High-Quality Rollers	Prevents slippage for a smooth, bubble-free application.
Wide Compatibility	Handles a broad range of round bottle and label sizes.
Optional Date Coder	Streamlines your process by combining coding and labeling.
Semi-Automatic Operation	Massively increases output compared to manual labeling.

Honestbee Pneumatic Flat Surface Labeling Machine

Item Number: BLM-1

Introduction

Pneumatic Flat Surface Labeling Machine for precise, bubble-free labels on honey jars and boxes. Boost efficiency with industrial-grade design. Get a quote now!

[Learn More](#)

Parameter	Value
Power Supply	220V / 110V (50/60Hz)
Power Consumption	120W
Labeling Speed	25-50 pieces/min
Required Air Pressure	0.4 - 0.6 MPa (Compressor not included)
Applicable Product Width	10mm - 120mm
Applicable Label Size	Width: 10-120mm, Length: 10-80mm
Label Roll Inner Diameter	≥75mm
Label Roll Outer Diameter	≤250mm
Overall Machine Size	Approx. 70 cm (L) x 40 cm (W) x 60 cm (H)

Feature	Benefit for Your Business
Pneumatic Stamping & Vacuum Suction	Provides a perfectly flat, accurate, bubble-free label application.
Adjustable Product Jig	Guarantees consistent label placement on every item.
Heavy-Duty Motor & Alloy Frame	Ensures long-term reliability and stable performance.
Foot Pedal Control	Increases operator speed, efficiency, and safety.
Wide Product & Label Compatibility	Offers excellent versatility for your current and future products.

Automatic In-Line Flat Surface Labeling Machine

Item Number: BLM-3

Introduction

Boost production with HONESTBEE's Automatic Labeling Machine—high-speed, precise, and built for commercial beekeeping. Scale efficiently, reduce labor costs. Get a quote now!

[Learn More](#)

Parameter	Value
Voltage	Single Phase 220V 50HZ/110V 60HZ
Power	1.5KW
Labeling Accuracy	±1%
Labeling Speed	60-150 pieces/min
Applicable Product Width	≤101mm
Label Height	15-200mm
Label Length	25-300mm
Label Roll Outer Diameter	≤350mm
Label Roll Inner Diameter	76mm
Machine Dimensions (L x W x H)	2000 x 800 x 1600 mm
Machine Weight	180 kg

Feature	Benefit for Your Business
In-Line Conveyor System	Enables full automation and seamless integration into a production line.
PLC Touchscreen HMI	Provides simple, intuitive control and real-time production monitoring.
High-Precision Sensors	Eliminates wasted labels and guarantees consistent, accurate placement.
Multi-Axis Adjustments	Offers ultimate flexibility to handle a vast range of product shapes and sizes.
High-Speed Operation	Dramatically increases production capacity and reduces per-unit labor costs.

Automatic Dual Sided In Line Labeling Machine

Item Number: BLM-3A

Introduction

Boost production with HONESTBEE's Automatic Dual-Sided Labeling Machine—high-speed, precise, and built for industrial-scale packaging. Perfect for beekeepers & distributors.

[Learn More](#)

Parameter	Value
Voltage	Single Phase 220V 50HZ/110V 60HZ
Power	3.5KW
Labeling Speed	50-100 pieces/min
Labeling Accuracy	±1%
Applicable Bottle Diameter	≤101mm
Label Height	15-200mm
Label Length	25-300mm
Label Roll Inner Diameter	76mm
Label Roll Outer Diameter	≤350mm
Machine Dimensions (L x W x H)	2800 x 1650 x 1500 mm
Machine Weight	450 kg

Feature	Benefit for Your Business
Dual Labeling Heads	Labels front and back in a single pass, maximizing efficiency.
Bottle Separator System	Ensures perfect product spacing for consistent, high-speed labeling.
PLC Touchscreen Control	Simplifies operation and provides complete control over production.
Industrial-Grade Construction	Built for 24/7 operation and long-term reliability.
High Versatility	Handles a wide array of flat-sided container shapes and sizes.

Automatic In-Line Round Bottle Labeling Machine

Item Number: BLM-4

Introduction

Boost production with HONESTBEE's Automatic Round Bottle Labeling Machine—high-speed, precise, and versatile for seamless in-line packaging.

[Learn More](#)

Parameter	Value
Voltage	Single Phase 220V 50HZ/110V 60HZ
Power	1.5KW
Labeling Speed	20-200 pieces/min
Labeling Accuracy	±1%
Applicable Bottle Diameter	30mm - 120mm
Label Height	15-150mm
Label Length	25-300mm
Label Roll Inner Diameter	76mm
Label Roll Outer Diameter	≤350mm
Machine Dimensions (L x W x H)	2000 x 950 x 1400 mm
Machine Weight	200 kg

Feature	Benefit for Your Business
High-Speed Wrap-Around System	Achieves industry-leading throughput for mass production.
Multi-Axis Adjustment Head	Provides ultimate precision and versatility for various container shapes.
PLC Touchscreen Control	Simplifies setup, operation, and monitoring.
Integrated Bottle Separator	Guarantees consistent product spacing for error-free application.
Robust Industrial Construction	Ensures long-term reliability and low maintenance in demanding environments.
