Queen Bee Marking Tube Cage Bottle Catcher Holder With Clear Plastic Plunger Marker

Item Number: MT-4

Introduction

Enhance beekeeping with our Queen Marking Tube, ensuring safe, precise queen bee marking for efficient hive management. Explore now!

[Learn More](#)

Feature	Description
Light weight and durable	Essential for beekeepers
Queen rearing exclusive	Excellent beekeeping equipment
Bottle	Length: 8cm; Diameter: 3cm
Marking pole	Length: 12cm
Material	Plastic+Wood+Sponge
Tool description	A nice tool with a soft sponge to gently immobilise the queen for marking. Simply catch the queen (one of our Queen catching clips will do the trick) and place her in the tube. Then place the plunger in the tube and slowly push the plunger upwards with the plastic grate facing upwards. The queen will then crawl onto the sponge of the plunger and you can then gently hold her still against the grate to be marked. Then slowly release the plunger and catch the queen and put her back in the hive.
