Feature	Description	Value/Benefit for Professionals
Design	Ergonomic "waisted" shape, clear PET, ridged shoulders	Unique, attractive, comfortable grip, excellent product visibility.
Cap System	Yellow two-part: screw-on cap with long nozzle + separate nozzle cap	Precision dispensing, hygienic, secure sealing, prevents leaks, preserves freshness.
Material	Food-grade PET plastic	Safe, durable, shatterproof, lightweight, recyclable, showcases honey beautifully.
Functionality	Squeezable, controlled flow via tapered nozzle	Easy, mess-free dispensing, suitable for various applications (drizzling, portioning).
Capacity (Main)	500g Honey / 360ml Water	Popular retail size, suitable for regular consumer use.
Weight (Empty)	Approx. 39g	Lightweight, contributes to lower shipping costs.
Retail Appeal	Modern, convenient, clean dispensing	High consumer appeal, potential for increased sales and premium positioning.
