Feature	Benefit
Two-Person Ergonomic Design	Drastically reduces back strain and allows for the safe lifting of heavy hives.
Foldable Steel Frame	Offers exceptional strength while allowing for compact storage and easy transport.
Durable Powder-Coated Finish	Provides long-lasting protection against rust, corrosion, and wear.
Wide Base and Angled Handles	Ensures hive stability during transport and promotes a safe lifting posture.
Universal Compatibility	Designed to work seamlessly with standard 10-frame hives and similar equipment.
