Feature	Benefit
Heavy-Gauge Galvanized Steel	Superior durability; excellent resistance to rust and corrosion for long life.
W-Shaped Structural Design	Provides exceptional strength and rigidity, preventing bending under stress.
Angled Anchor Prongs	Bite securely into wooden hive components, eliminating lateral slippage.
Pre-Drilled Mounting Holes	Allows for fast, easy, and secure installation with screws or nails.
Optimized Dimensions	Perfectly sized for use with standard Langstroth hives and wooden pallets.
