

Professional Stainless Steel J-Hook Hive Tool

Item Number: HT-8

Introduction

Discover the J Hook Hive Tool, a durable stainless steel beekeeping essential for lifting frames, scraping wax, and hive maintenance. Ergonomic, versatile, and easy to spot in red.

[Learn More](#)

Feature	Benefit
Heavy-Duty Steel Construction	Unmatched strength and longevity; will not bend or break under heavy use.
J-Hook Frame Lifter	Provides powerful leverage to lift frames easily and safely.
High-Visibility Red Handle	Drastically reduces the risk of losing the tool in the apiary, saving time and money.
Multi-Profile Scraper End	Versatile design for scraping flat surfaces and cleaning tight corners effectively.
Integrated Nail Puller	Adds crucial convenience for making immediate, in-field equipment repairs.
