Feature	Description	Benefit for the User
Material	Durable Polypropylene (PP)	Weatherproof, UV-resistant, and non-fading for a long-lasting, multi-season solution.
Modern Design	Clean, bold font in a neutral grey (other colors available).	High-visibility for easy reading from a distance, with a professional aesthetic.
Kit Composition	Includes duplicates of high-frequency numbers (1, 2, 4).	A practical and cost-effective set that provides the digits needed for most numbering schemes.
Mounting	Flat-back design for versatile application.	Allows for secure mounting with adhesive, staples, or tacks for a permanent, flush fit.
Application	Essential for apiary organization.	Enables precise and reliable record-keeping, leading to improved hive management.
