Item Number: BFG-7

Introduction

Multi-function plier-style frame grip for beekeepers. 3-in-1 hive tool for efficiency. Durable stainless steel.

[Learn More](#)

Feature	Description & Benefit
3-in-1 Functionality	Combines a grip, hive tool, and perch to save time, reduce clutter, and increase workflow efficiency.
Plier-Style Grip Mechanism	Delivers direct, powerful clamping force for an exceptionally secure hold on frames.
Aggressive Serrated Jaws	Provide a non-slip grip that enhances safety and prevents the dropping of valuable frames.
All-Stainless Steel Build	Guarantees maximum durability, longevity, and rust-proof performance for a superior return on investment.

Parameter	Details
Product Name	Multi-Function Plier-Style Frame Grip
Material	Stainless Steel
Overall Length	27 cm
Handle Width	12.8 cm
Overall Height	10 cm
Scraper Width	3.5 cm

Feature Summary	Benefit for Your Business
Unmatched Versatility	The 3-in-1 design means increased labor productivity and less equipment to purchase and manage.
Superior Durability	A one-time investment in a tool built to last, reducing replacement costs and downtime.
Enhanced Safety & Security	The non-slip grip minimizes the risk of dropping frames, protecting bees, comb, and honey.
Unique Professional Tool	A standout product with clear advantages that will appeal to serious beekeepers and enhance a distributor's catalog.
