Feature	Benefit
Heavy-Duty Steel Construction	Unmatched strength and longevity; will not bend or break under pressure.
High-Visibility Red Paint	Drastically reduces the risk of losing the tool in the apiary, saving time and money.
Right-Angle Pry Bar	Provides powerful leverage for easily separating hive bodies and frames.
Wide Beveled Scraper	Efficiently scrapes and cleans wax and propolis from all hive components.
Integrated Nail Puller	Adds convenience for making immediate, on-site equipment repairs.
Classic, Proven Design	A functional and universally trusted shape preferred by beekeepers everywhere.
