| Parameter                               | Specification                                |
|---|--|
| Function                                | Lowering the percentage of humidity of honey |
| Material                                | 304 stainless steel                          |
| Voltage                                 | Single phase 220V 50Hz                       |
| Capacity                                | 100kg/hour                                   |
| Rotating stainless steel discs diameter | 600mm  |
| Rotating stainless steel discs quantity | 8pcs   |
| Disc speed                              | 0-9.6r/min                                   |
| Motor power                             | 0.37kw                                       |
| Speed                                   | 0-960r/min                                   |
| Fan power                               | 0.55kw                                       |
| Heating power                           | 4KW  |
| Total power                             | 4.92 KW                                      |
| Air volume                              | 100m3/h                                      |
| Metal cover                             | With observation window                      |

## Honey Concentrating And Filtering Dehumidifier Machine 2T Capacity For Honey

Item Number: HD-5

### Introduction

Boost honey quality with our Honey Dehumidifier and Concentrating Machine. Efficient, durable, and hygienic for large-scale processing.

[Learn More](#)

| Parameter      | Specification                                     |
|----------------|---|
| Material       | 304 stainless steel                               |
| Function       | Preheating, stirring, filtering, concentrating    |
| Voltage        | Three phase 380V                                  |
| Capacity       | 2 tons one day (8 hours)                          |
| Preheating     | 150L heating power 18KW, stirring power 0.75KW    |
| Stirring speed | 36r/min   |
| Concentration  | 180L heating power 18KW, vacuum pump power 3.85KW |
| Pipe filter    | 100 mesh  |
| Wall thickness | Inner 3mm, outer 3mm                              |

# 0.5T Capacity Honey Dehumidifier Dryer With Vacuum Heating And Thickening Filtering Machine

Item Number: HD-4

## Introduction

Enhance honey quality with our 0.5T Honey Thickening, Filtering, and Dehumidifying Machines. Efficient, durable, and compliant with industry standards.

| Parameter                  | Specification                                   |
|----------------------------|---|
| Material                   | 304 stainless steel                             |
| Voltage                    | Single phase 220V 50Hz                          |
| Capacity                   | 0.5 tons per day (8 hours)                      |
| Function                   | Preheating, stirring, filtering, concentrating  |
| Preheating                 | 50L, heating power 6KW, stirring power 0.55KW   |
| Stirring speed             | 36r/min   |
| Concentration              | 80L, heating power 6KW, vacuum pump power 1.5KW |
| Pipe filter                | 100 mesh  |
| Wall thickness             | Inner 3mm, outer 3mm                            |
| Heating honey under vacuum | Yes   |

# High Quality Honey Dehumidifier Dryer Thickening Machine For Beekeeping

Item Number: HD-1

## Introduction

Enhance honey quality with our Honey Dehumidifier. Advanced technology, 200kg/hour capacity, adjustable temperature, and durable 304 stainless steel. Perfect for beekeepers.
